

# Training TEDxStyleFacebookLive

## TEDxStyleFacebookLive: One intensive day of training is all you need with low costs and a high level of visibility

Do you want to create your own expert position on social media without spending a fortune? With our TEDified™ presentations you are always up to date with what to say and how to say it. You can interview, share an engaging message or stream live in an attractive style.

With TEDxStyleFacebookLive, we will get you ready to the level that is required for visibility on social media. Livestreaming of high quality, without the mistakes all starters make. Your audience stays, because you have really something interesting to say. And more than that:

They are guaranteed to come back to you over and over again, because you stand out of the mass crowd of 'just doing a Facebook Live'.

You will never look like just a talking head, and you will spread your message effectively and with EASE and fun!

Are you ready to create your Facebook Live at a TEDx level over and over again?

It will only take you a day to learn! And remember, all we tell you about Facebook visibility is useable on all social media!

If you want to take it even further, we work with the Experts of Ann DeVere from LA and together we will show you how to set up your own TV channel for € 300 or less.
